### Saved

Dr. Cole Jodon, All Saints' Theologian in Residence

For many people, the question of how one is saved has been a defining question for the Christian faith. The interesting truth is that the church has never definitively come to a conclusion on the exact details of salvation. The fact *that* Christ saves has long been assumed within Christian thought, but a definitive account of salvation has never been established.

For eight sessions, we will explore the most influential approaches to the topic of salvation, learning what theologians have thought on the subject, and growing in our own understanding of salvation.

Mondays 7-8:30 pm: Sept. 19, 26, Oct. 3, 10, 17, 24, (no class on 31<sup>st</sup>), Nov. 7, 14 in the Chapel of the Holy Spirit  
Register for the class by sending an email to Mona Myers at [mona@allsaints-austin.org](mailto:mona@allsaints-austin.org)
